(NOT used for Financial Aid purposes)

## Fall & Spring Credit Hour Requirements

Enrollment Status	Undergraduate	Graduate
Full Time	12	9
3/4 Time	9	6.75
1/2 Time	6	4.5

## Non-Ch. 33 Students

If you are in **less than** 1/2 time, the VA pays the amount of tuition in one check

## Chapter 33 BAH Requirements for ALL Semesters

- You must be enrolled in **greater than half-time**
- The VA pays your BAH based on the **percentage** of Full-time (rounded to the nearest ten)
- The VA multiplies your BAH by 0.5 if you are enrolled in **all Web, Mixed Mode, Video Streaming, Reduced Seat time** classes.
- If you are less than 100% eligible for Ch. 33, your overall percentage is multiplied **after** your enrollment percentage has been rounded to the nearest 10.

**Example 1:** An Undergraduate taking 6 Lecture credits and 3 Online credits during Spring semester will receive 80% of their eligible BAH.  
(9/12 credits = 75%; which is rounded to 80%)

**Example 2:** An Undergraduate taking 11 Online credits during Fall semester will receive 45% of their eligible BAH.  
(11/12 = 91.67%; rounded to 90%, then multiplied by .5 = 45%)

**Example 3:** A Undergraduate taking 6 Lecture hours during the Spring semester **will not** be eligible for BAH since they are not enrolled in more than half time.

80% \* .5 = 40% BAH because they are all web)
